- **Development Technique/Tools:** Agile | Junit | Integration Testing | Git | Eclipse | VSCode

## EDUCATION

### Tech Elevator

Nov 2019 – Mar 2019

- Attended a 14-week coding bootcamp studying web development

### University of North Carolina at Charlotte

Aug 2016 – May 2018

- Completed prerequisite courses for business and psychology majors

## WORK EXPERIENCE

### Sushi Chef | Zukku Sushi

Aug 2019 – current

- Developed various service and prep techniques that resulted in higher efficiency and reduced waste
- Prepared every dish to company's standards in a high-volume restaurant, learning how to work under pressure and multitask

### Expo | EMZY Sushi Bar and Kitchen

Oct 2018 – Jun 2019

- Served as main source of communication between kitchen and the front of house
- Increased flow of product and quality of service by assisting other stations

## PROJECTS

### Winner's Cup

- Developed a mobile-optimized application for creating tournaments with the ability to register users and create tournaments with friends or random people

### Tenmo Payment Service

- Created a Java-based program with the ability to register accounts and transfer money between different users

### Vending Machine Program

- Created a Java-based program that simulated a vending machine with full functionalities including dispensing change, restocking items, and logging sales.
